

UNCLE SAM QUITS AS SHIP OPERATOR BUT NOT AS OWNER

Entire Fleet Is Turned Over to
Private Individuals Under
Agency Agreement.

WASHINGTON, March 4.—The United States Government has gone out of the shipping business.

Under the new arrangement the entire fleet of the Emergency Fleet Corporation will be turned over to private operators under an agency agreement.

This action has been announced by the Shipping Board in a bulletin which says:

"Effective March 1, 1920, all Shipping Board tariffs, including current supplements thereto, are hereby cancelled in so far as the public is concerned.

"Rates hereafter may be obtained direct from managing agents of shipping vessels."

The Government retains title

to its ships, and under the form of contract now in use, individuals or corporations can operate the vessels on a profit-sharing plan. The Emergency Fleet Corporation reserves the right to terminate the agency at any time.

BROOKLYN PRIEST HONORED.

Mr. Pachalski Appointed Private Chamberlain to the Pope.

ROME, March 3.—Monsignor Boleslaw Pachalski of Brooklyn was today appointed Private Chamberlain to Pope Benedict, while Monsignor James Savage, Ernest Van Dyke, Joseph Morgan and M. J. P. Dempsey of Detroit, and Patrick C. Hayden of Natchez, Miss., were named domestic prelates.

Monsignor Francesco Piancetta of Navarrete, Archbishop of Linares, Mexico, was entrusted with the work of modifying the jurisdiction of the diocese of San Luis Potosi and Zacatecas.

Mr. Pachalski has been pastor of the Church of Our Lady of Consolation, at Fourth Avenue and 34th Street, Brooklyn, for many years. He was born in Warsaw, Poland, forty-nine years ago and came to this country when nineteen years old. He was naturalized as soon as possible, and last Jan. 11 celebrated his twenty-fifth anniversary in the priesthood.

PLAN TO SCRAP SHIPPING BOARD REVIVED BY EDGE BILL IN SENATE

(Continued from Nineteenth Page.)

situation of the Government and at the same time many of these same statesmen are introducing new bills calling for the expenditure of public moneys. Hundreds and hundreds of them are piling up in the various committees.

For example, Senator George Chamberlain of Oregon has introduced a bill calling for the expenditure of \$100,000,000 for the fiscal year ending June 30, 1922, to aid the States in the construction of rural post roads and for other purposes. The present outlook is that the financial condition of the country will be just as wretched a year from now, when Senator Chamberlain's \$100,000,000 for 1921-1922 will be pushed forward, as it is today.

Nevertheless Senator Chamberlain proposes to bind the Government to expend not only \$100,000,000 on rural post roads in

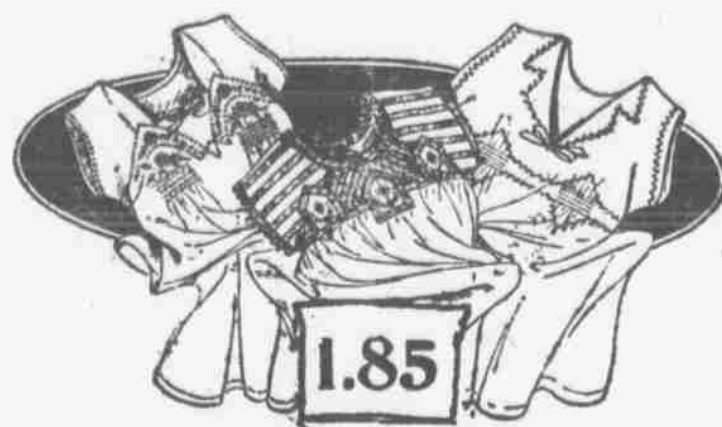

1921-1922, but \$100,000,000 in each of the three succeeding fiscal years and \$10,000,000 a year each year from 1922 to 1931 inclusive on national forest roads and trails, a total for the last item of \$100,000,000. Here is an item of half a billion dollars of future obligations.

SNYDER PLEADS NOT GUILTY.

Bail set at \$2,000 for Aged Prisoner in Alleged Stock Swindle. William P. Snyder, seventy-four, of No. 961 St. Nicholas Avenue, was held in \$2,000 bail before Judge Malone in General Sessions today on three indictments charging grand larceny. The charges grew out of a sale of stock in the Aerial Transportation Company organized last May, in which it is alleged hundreds of ex-service men were swindled. Snyder pleaded not guilty. To newspaper men, Snyder declared that Assistant District Attorney Dealing had been in error yesterday when he asserted that Snyder was the former State Auditor of Pennsylvania.

Leather Hand Bags and Pocketbooks

98c and \$1.98

Grades That Today Are
\$2, \$5, Even \$10 Each

NOT LONG AGO we discovered that a maker of good leather Hand Bags and other articles had allowed his samples and factory remainders to accumulate for a long time.

After looking them over we bought the lot—and we can sell them all tomorrow at 98c. and \$1.98 apiece.

Such things do not often happen nowadays. Leather is too high—fine leathers too scarce. Some of the articles in this sale could not be produced today to sell under ten dollars apiece.

Of course, these are not fresh and the styles are not all of them new. But they are all fine quality—this maker makes nothing else. They are all genuine leathers and they are certainly amazing values at their prices.

Hand Bags and Pocketbooks of almost every sort and description, from the flat vanity shapes with back-straps to large Carriage Bags and Shopping Bags.

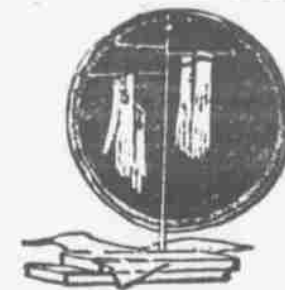

Included are some 36 Chatelaine Bags of real seal and walrus leathers.

A great chance to buy much value for little—and especially a great chance if you come early.
